Subject: Don't undermine NEPA protections

August 07, 2004

Department of Homeland Security
Environmental Planning, Office of Safety and Environment Washington, D.C. 20528

Dear Secretary Ridge and Homeland Security staff,

I oppose the Department of Homeland Security's current proposal for implementing the National Environmental Policy Act. The proposal would allow too many exclusions from NEPA and could close off government activities that have previously operated in the public eye.

The proposal goes well beyond what is necessary to protect national security, and risks destroying the very democratic ideals that the Department of Homeland Security was created to protect. I urge you to limit the use of categorical exclusions and the withholding of information as narrowly as possible.

Sincerely,

Wren Osborn
